Spring Term 2026

Reading List

The following five books must be obtained in advance by the student. Other texts are also included in the course and can be seen in the more detailed instructions in “Course Documents” in the course room in the learning platform Lisam. Those other texts are available digitally through Linköping University library (with your LiU-ID login) or freely available online through links.

I recommend specific editions below, but if you have another edition, it is OK to use that instead, so long as it is not abridged (shortened) and so long as it is in English.
