

Reading list for Biofuels for Transportation, TKMJ31, 2021

Books

(2004) *Biofuels for Transport. An International Perspective* Paris : OECD Publishing, 2004.

ISBN: 9789264015135

This book is published in 2004, so some of the information may be outdated. However, it contains useful information about the technical basics of biofuel production from several types of biomass (particularly chapter 2).

Dominik Rutz & Rainer Janssen, (2008) *Biofuel Technology Handbook*

http://www.isibang.ac.in/~library/onlinerz/resources/Biofuel_Technology_Handbook_version2_

European Commission, (2015) *The impact of biofuels on transport and the environment, and their connection with agricultural development in Europe*

ISBN: 9789282363294

The book is ordered by European Commission and provides an overview of biofuels production and consumption and of related policies worldwide. It also contains analysis and discussion of key aspects affecting the overall sustainability of biofuels; including their impact on agricultural markets, emissions from indirect land-use change, and greenhouse gas emissions.
