Institutionen för datavetenskap		

## Course offered for

- Bachelor of Science in Computer Engineering
- Bachelor of Science in Engineering Electronics

## Prerequisites

In-depth knowledge and skills within its main area.

## Intended learning outcomes

The course aims that students acquiring skills and abilities in soft engineering subjects such as communication, teamwork, leadership.

After completing the course a student shall be able to:

- plan, prioritize, perform own work within the stipulated time
- reflect on their own skills and approaches
- reflect on what leads to effective team work and personal effort in interaction with other
- reflect on their education and their own learning
- communicate with others in roles as a colleague

## Course content

- planning and follow-up
- teamwork
- oral and written communicatio
- engineering

## Teaching and working methods

The course is based on lectures and active participation in dialogue seminars with preparatory tasks. In support of the preparatory work lectures will be given dealing with the course's areas.

## Examination

UPG1 Assignments and active participation in seminars 2 credits U, G

Examination by data presented both orally and in writing. Examination by also actively participation in mandatory dialogue seminars addressing specific tasks. Absence managed with a written analysis and reflection of the texts discussed.

## Grades

Two grade scale, older version, U, G

## Other information

### **About teaching and examination language**

The teaching language is presented in the Overview tab for each course. The examination language relates to the teaching language as follows:

- If teaching language is “Swedish”, the course as a whole could be given in Swedish, or partly in English. Examination language is Swedish, but parts of the examination can be in English.
- If teaching language is “English”, the course as a whole is taught in English. Examination language is English.
- If teaching language is “Swedish/English”, the course as a whole will be taught in English if students without prior knowledge of the Swedish language participate. Examination language is Swedish or English depending on teaching language.

### **Other**

The course is conducted in a manner where both men's and women's experience and knowledge are made visible and developed.

The planning and implementation of a course should correspond to the course syllabus. The course evaluation should therefore be conducted with the course syllabus as a starting point.

If special circumstances prevail, the vice-chancellor may in a special decision specify the preconditions for temporary deviations from this course syllabus, and delegate the right to take such decisions.
