Course offered for

- Bachelor's Programme in Graphic Design and Communication

Specific information

Exchange students; The course is only available to exchange students within the area of Graphic Design and Communication.

Entry requirements

Note: Admission requirements for non-programme students usually also include admission requirements for the programme and threshold requirements for progression within the programme, or corresponding.

Prerequisites

Market communication and analysis.

Intended learning outcomes

The aim of the course is to provide knowledge about the meaning, content and design of, and strategy for brands to ensure value creation for the target group as well as the brand owner.

On conclusion of the course, the students shall be able to:

- List and define different theories, models and terms within the branding area, and relate these to a brand owner's strategy and value creation
- Explain how a brand is built, maintained, developed and possibly retired
- Critically evaluate an existing brand by applying the above-mentioned knowledge, and thereafter draw conclusions about and defend recommendations for the brand
- Present orally and in writing the evaluation according to the previous bullet point, ensuring that basic skills in the case study approach are shown
- Describe and explain how drawn conclusions and given recommendations are transferred into both a brief and pitch, and apply these skills practically
- Provide examples of ethical considerations within brand management, and apply basic ethical approaches in the above mentioned oral and written presentations

Course content

- Branding theory, incl. related integrated marketing communication
- Management and control of brands
- Brand analysis
- Scientific writing
- From brief to pitch based on conducted brand analysis

About teaching and examination language

The teaching language is presented in the Overview tab for each course. The examination language relates to the teaching language as follows:

- If teaching language is Swedish, the course as a whole or in large parts, is taught in Swedish. Please note that although teaching language is Swedish, parts of the course could be given in English. Examination language is Swedish.
- If teaching language is Swedish/English, the course as a whole will be taught in English if students without prior knowledge of the Swedish language participate. Examination language is Swedish or English (depending on teaching language).
- If teaching language is English, the course as a whole is taught in English. Examination language is English.

Other

The course is conducted in a manner where both men's and women's experience and knowledge are made visible and developed.

The planning and implementation of a course should correspond to the course syllabus. The course evaluation should therefore be conducted with the course syllabus as a starting point.
