Specific information

Exchange students: The course is only available to exchange students within the area of Graphic Design and Communication.

Course offered for

- Bachelor's Programme in Graphic Design and Communication

Prerequisites

Market communication and analysis.

Intended learning outcomes

The aim of the course is to provide knowledge about the meaning, content and design of, and strategy for brands to ensure value creation for the target group as well as the brand owner.

On conclusion of the course, the students shall be able to:

- List and define different theories, models and terms within the branding area, and relate these to a brand owner's strategy and value creation
- Explain how a brand is built, maintained, developed and possibly retired
- Critically evaluate a new and an existing brand by applying the above-mentioned knowledge
- Describe and explain how drawn conclusions and given recommendations are transferred into both a brief and pitch
- Provide examples of ethical considerations within brand management and apply basic ethical approaches in the above mentioned skills and abilities.

Course content

- Branding theory, incl. related integrated marketing communication
- Management and control of brands
- Methods for brand analysis
- From brief to pitch based on a finished brand analysis

Teaching and working methods

Lectures and seminars. Preparation for lectures and seminars is recommended.
