

Communicative French

Programme course

6 credits

Kommunikativ franska

THFR05

Valid from:

Determined by

Board of Studies for Industrial
Engineering and Logistics

Date determined

2017-01-25

Offered for the last time

Autumn semester 2019

Main field of study

No Main Field of Study

Course level

First cycle

Advancement level

G1X

Course offered for

- Computer Science and Engineering, M Sc in Engineering
- Information Technology, M Sc in Engineering
- Design and Product Development
- Industrial Engineering and Management, M Sc in Engineering
- Energy-Environment-Management
- Energy-Environment-Management M Sc in Engineering
- Mechanical Engineering, M Sc in Engineering
-
- Biomedical Engineering, M Sc in Engineering
- Applied Physics and Electrical Engineering, M Sc in Engineering
- Engineering Biology, M Sc in Engineering
- Chemical Biology, M Sc in Engineering

Entry requirements

Note: Admission requirements for non-programme students usually also include admission requirements for the programme and threshold requirements for progression within the programme, or corresponding.

Prerequisites

A levels / pass – level 3

Intended learning outcomes

After having completed the course, the students will have the ability to communicate verbally in French and actively take part in discussions and will be able to read and understand relevant texts of different types. The students will have a good command of general words and phrases with a concentration on technical and economic terminology as well as have a good fundamental knowledge of France today

Course content

The course is given in French with the following elements: Oral presentations - Readings of and discussions around articles, technical texts and literature – Project related work-The study of French society and business culture.

Teaching and working methods

The lectures are mainly held in seminar format and are based on the students actively taking part in discussions and oral reports as well as doing grammar exercises.

The course runs over the entire semester.

MUN1	Oral Examination	3 credits	U, 3, 4, 5
TEN1	Written Examination	3 credits	U, 3, 4, 5

Grades

Four-grade scale, LiU, U, 3, 4, 5

Department

Institutionen för ekonomisk och industriell utveckling

Director of Studies or equivalent

Johan Holtström

Examiner

Miguel Giménez

Education components

Preliminary scheduled hours: 26 h

Recommended self-study hours: 134 h

Course literature

Grammatikbok och kompendium.

Common rules

Regulations (apply to LiU in its entirety)

The university is a government agency whose operations are regulated by legislation and ordinances, which include the Higher Education Act and the Higher Education Ordinance. In addition to legislation and ordinances, operations are subject to several policy documents. The Linköping University rule book collects currently valid decisions of a regulatory nature taken by the university board, the vice-chancellor and faculty/department boards.

LiU's rule book for education at first-cycle and second-cycle levels is available at http://stydokument.liu.se/Regelsamling/Innehall/Utbildning_pa_grund-_och_avancerad_niva.
