

# Machine Learning for Social Media

Programme course

6 credits

Maskininlärning för sociala medier

TNM108

Valid from: 2021 Spring semester

**Determined by**

Board of Studies for Computer Science  
and Media Technology

**Date determined**

2020-09-29

## Main field of study

Media Technology and Engineering

## Course level

Second cycle

## Advancement level

A1X

## Course offered for

- Master of Science in Media Technology and Engineering

## Examination

|      |                 |           |            |
|------|-----------------|-----------|------------|
| PRA1 | Project work    | 3 credits | U, 3, 4, 5 |
| LAB1 | Laboratory work | 3 credits | U, G       |

## Grades

Four-grade scale, LiU, U, 3, 4, 5

## Other information

### About teaching and examination language

The teaching language is presented in the Overview tab for each course. The examination language relates to the teaching language as follows:

- If teaching language is Swedish, the course as a whole or in large parts, is taught in Swedish. Please note that although teaching language is Swedish, parts of the course could be given in English. Examination language is Swedish.
- If teaching language is Swedish/English, the course as a whole will be taught in English if students without prior knowledge of the Swedish language participate. Examination language is Swedish or English (depending on teaching language).
- If teaching language is English, the course as a whole is taught in English. Examination language is English.

### Other

The course is conducted in a manner where both men's and women's experience and knowledge are made visible and developed.

The planning and implementation of a course should correspond to the course syllabus. The course evaluation should therefore be conducted with the course syllabus as a starting point.

## Department

Institutionen för teknik och naturvetenskap

## Director of Studies or equivalent

Camilla Forsell

## Examiner

Pierangelo Dellacqua

## Education components

Preliminary scheduled hours: 0 h

Recommended self-study hours: 160 h
