

## Reading list for Compiler Construction, TDDE66, 2024

### Books

Aho, Alfred V., (2006,2013) *Compilers : principles, techniques, & tools* 2. ed.

Boston : Pearson Addison-Wesley, cop. 2007

ISBN: 0321486811, 9780321491695, 0321491696, 9781292024349

The 2013 edition lacks chapter 12, which is not used in the course, but the content is otherwise identical (including page numbers) although the layout is better in the earlier edition (smaller pages).
