

## Reading list for Analog and Discrete-Time Integrated Circuits, TSTE27, 2023

## **Regulary literature**

Other

Distributed material during the course.

## **Additional literature**

## Books

Allen and Holberg, CMOS Analog Circuit Design

Gray, Hurst, Lewis, and Meyer, Analysis and Design of Analog Integrated Circuits

Johns and Martin, (2013) Analog Integrated Circuit Design John Wiley & Sons

Razavi, Design of Analog CMOS Integrated Circuits
