and Sciences

**Date determined**

2007-03-16

## Main field of study

Economics

## Course level

First cycle

## Advancement level

G1X

## Entry requirements

For admission to the course the students shall have documented knowledge of English equivalent to “Engelska B”, or an international proficiency test, e.g. TOEFL, minimum score 550/213, and at least one year of full-time undergraduate studies.

## Intended learning outcomes

Having completed the course, the student should be able to

- use knowledge about the economic analysis of law,
- apply the economic analysis of law to relevant problems.

## Course content

The course covers the following subjects:

- Introduction to the economic analysis of law (Law and Economics)
- Property rights
- Contract law
- Tort law
- Corporate law
- Antitrust legislation
- Regulation
- Environmental law and policy
- Criminal law

## Teaching and working methods

The course is internet-based. Teaching consists of set of questions that the student shall answer individually and/or collectively. The language of the course is English.

## Examination

Examination consists of answering the set of questions, and of an individual paper at the end of the course.

## Grades

Three-grade scale, U, G, VG

## Other information

Planning and implementation of a course must take its starting point in the wording of the syllabus. The course evaluation included in each course must therefore take up the question how well the course agrees with the syllabus. The course is carried out in such a way that both men's and women's experience and knowledge is made visible and developed.
