

# Project management in humantechnology interaction

Single subject and programme course

6 credits

Projekthantering inom människa-teknikinteraktion

729G76

Valid from: 2018 Autumn semester

**Determined by** 

The Quality Board at the Faculty of Arts and Sciences

**Date determined** 

2017-02-03

# Main field of study

Cognitive Science

# Course level

First cycle

# Advancement level

G<sub>1</sub>F

# Course offered for

- Bachelor's Programme in Cognitive Science
- Master Programme in Cognitive Science

# **Entry requirements**

To be admitted to the course, 42 ECTS credits from the first year of the Bachelor's Programme in Cognitive Science, or equivalent, must have been completed successfully. Furthermore, the course Introduction to Cognitive Science (6 ECTS Credits), or equivalent, must have been completed successfully. The student must also have passed one of the courses IT and programming: Basic Course (alt. Programming and Discrete Mathematics) (6 ECTS credits) or the course Programming and Algorithmic Thinking (alt. Programming and Logic) (6 ECTS credits), or equivalent. In addition, students must have a passing grade on one of the courses Research Methodology and Statistics (6 ECTS credits) or Qualitative Research Methods (6 ECTS credits), or equivalent.

### Examination

Students failing an exam covering either the entire course or part of the course twice are entitled to have a new examiner appointed for the reexamination.

Students who have passed an examination may not retake it in order to improve their grades.

#### Grades

Three-grade scale, U, G, VG

## Other information

Planning and implementation of a course must take its starting point in the wording of the syllabus. The course evaluation included in each course must therefore take up the question how well the course agrees with the syllabus.

The course is carried out in such a way that both men's and women's experience and knowledge is made visible and developed.
