## Other information

Planning and implementation of a course must take its starting point in the  
wording of the syllabus. The course evaluation included in each course must  
therefore take up the question how well the course agrees with the syllabus.

The course is conducted in such a way that there are equal opportunities with  
regard to sex, transgender identity or expression, ethnicity, religion or other  
belief, disability, sexual orientation and age.

If special circumstances prevail, the vice-chancellor may in a special decision  
specify the preconditions for temporary deviations from this course syllabus, and  
delegate the right to take such decisions.
