

## **Biomedical Laboratory Science in Molecular Biology and Metabolism**

Laboratorievetenskap inom molekylärbiologi och metabolism  
30.0 credits

Programme course

8BLG20

Valid from: 2022 Spring semester

|   |                                  |                                   |
|---|----------------------------------|-----------------------------------|
| <b>Determined by</b>  | <b>Main field of study</b>       |                                   |
| Chairman of The Board for First and Second Cycle Programmes | Biomedical Laboratory Science    |                                   |
| <b>Date determined</b>                                      | <b>Course level</b>              | <b>Progressive specialisation</b> |
| 2016-01-19  | First cycle                      | G1X                               |
| <b>Revised by</b>   | <b>Disciplinary domain</b>       |                                   |
| Chairman of The Board for First and Second Cycle Programmes | Medicine                         |                                   |
| <b>Revision date</b>  | <b>Subject group</b>             |                                   |
| 2016-05-24; 2019-06-10; 2019-10-21; 2021-05-03              | Biomedical Laboratory Science    |                                   |
| <b>Offered first time</b>                                   | <b>Offered for the last time</b> |                                   |
| Autumn semester 2016  |                                  |                                   |
| <b>Department</b>   | <b>Replaced by</b>               |                                   |
| Institutionen för biomedicinska och kliniska vetenskaper    |                                  |                                   |

## Specific information

Course Syllabus is not available.

## Course offered for

- Biomedical Laboratory Science Programme

## Entry requirements

-

## Grades

Two grade scale, older version, U, G
