Intended learning outcomes

-

Course content

-

Teaching and working methods

-

Grades

Two-grade scale, U, G

Other information

The planning and implementation of a course must take its starting point in the wording of the syllabus. The course evaluation included in each course must therefore take up the question how well the course agrees with the syllabus. The course is carried out in such a way that both men's and women's experience and knowledge is made visible and developed.

Department

Institutionen för klinisk och experimentell medicin
