

# German

Programme course

6 credits

Kommunikativ tyska

THTY05

Valid from: 2017 Spring semester

**Determined by**  
Board of Studies for Industrial  
Engineering and Logistics

**Date determined**  
2017-01-25

## Main field of study

No Main Field of Study

## Course level

First cycle

## Advancement level

G1X

## Course offered for

- Computer Science and Engineering, M Sc in Engineering
- Information Technology, M Sc in Engineering
- Industrial Engineering and Management, M Sc in Engineering
- Design and Product Development
- Energy-Environment-Management
- Energy-Environment-Management M Sc in Engineering
- Chemical Biology, M Sc in Engineering
- 
- Biomedical Engineering, M Sc in Engineering
- Mechanical Engineering, M Sc in Engineering
- Engineering Biology, M Sc in Engineering
- Applied Physics and Electrical Engineering, M Sc in Engineering

## Entry requirements

Note: Admission requirements for non-programme students usually also include admission requirements for the programme and threshold requirements for progression within the programme, or corresponding.

## Prerequisites

A-levels / pass – level 3

## Intended learning outcomes

After having completed the course, the students will have the ability to communicate verbally in German and actively take part in discussions and will be able to read and understand relevant texts of different types. The students will have a good command of general words and phrases with a concentration on technical and economic terminology as well as have a good fundamental knowledge of Germany today.

## Course content

The course is given mainly in German with the following elements:

- Oral presentations
- Readings of and discussions around newspapers and magazine texts
- Translations
- An overview of German society and business.

## Teaching and working methods

The lectures are mainly held in seminar format and are based on the students actively taking part in discussions and oral reports as well as doing grammar exercises.

The course runs over the entire semester.

## Examination

TEN1	Written Examination	3 credits	U, 3, 4, 5
MUN1	Oral Examination	3 credits	U, 3, 4, 5

## Grades

Four-grade scale, LiU, U, 3, 4, 5

## Department

Institutionen för ekonomisk och industriell utveckling

## Director of Studies or equivalent

Johan Holtström

## Examiner

Friederike Gerlach

## Education components

Preliminary scheduled hours: 48 h

Recommended self-study hours: 112 h

## Course literature

Grammatikbok och kompendium.

## Common rules

Regulations (apply to LiU in its entirety)

The university is a government agency whose operations are regulated by legislation and ordinances, which include the Higher Education Act and the Higher Education Ordinance. In addition to legislation and ordinances, operations are subject to several policy documents. The Linköping University rule book collects currently valid decisions of a regulatory nature taken by the university board, the vice-chancellor and faculty/department boards.

LiU's rule book for education at first-cycle and second-cycle levels is available at [http://stydokument.liu.se/Regelsamling/Innehall/Utbildning\\_pa\\_grund-\\_och\\_avancerad\\_niva](http://stydokument.liu.se/Regelsamling/Innehall/Utbildning_pa_grund-_och_avancerad_niva).
