Course offered for

- Bachelor's Programme in Graphic Design and Communication

Prerequisites

Visual Culture and Design History

Intended learning outcomes

The course highlights communication as a cultural and social phenomenon focusing on the part of communication that can be described as mediated. Theories about the relationship between society and the media are introduced. The aim of the course is to give the student an overview but also specific knowledge of the theoretical perspectives regarding mediated communication, such as convergence cultures and remediation.

Upon completion of the course, the student will:

- Briefly account for current theoretical perspectives regarding mediated communication
- Describe different approaches to mediated communication
- In speech and speech bring a reasoning and critical reflection on media in society

Course content

- Communication theories
- Relationship between society and the media
- Theoretical perspectives on mediated communication

Grades for examination modules are decided in accordance with the assessment criteria presented at the start of the course.

Grades

Four-grade scale, LiU, U, 3, 4, 5

Other information

About teaching and examination language

The teaching language is presented in the Overview tab for each course. The examination language relates to the teaching language as follows:

- If teaching language is “Swedish”, the course as a whole could be given in Swedish, or partly in English. Examination language is Swedish, but parts of the examination can be in English.
- If teaching language is “English”, the course as a whole is taught in English. Examination language is English.
- If teaching language is “Swedish/English”, the course as a whole will be taught in English if students without prior knowledge of the Swedish language participate. Examination language is Swedish or English depending on teaching language.

Other

The course is conducted in such a way that there are equal opportunities with regard to sex, transgender identity or expression, ethnicity, religion or other belief, disability, sexual orientation and age.

The planning and implementation of a course should correspond to the course syllabus. The course evaluation should therefore be conducted with the course syllabus as a starting point.

The course is campus-based at the location specified for the course, unless otherwise stated under “Teaching and working methods”. Please note, in a campus-based course occasional remote sessions could be included.
