

## Litteraturlista för Biofuels for Transportation, TKMJ31, 2026

### Ordinarie litteratur

#### Böcker

Baumann, H, and A-M Tillman, (2004) *The Hitch Hiker's Guide to LCA: An Orientation in Life Cycle Assessment Methodology and Application*  
Studentlitteratur

### Kompletterande litteratur

#### Böcker

Börjesson, P., Tufvesson, L., Lantz, M., (2010) *Life cycle assessment of biofuels in Sweden* Lund University

Dominik Rutz & Rainer Janssen, (2008) *Biofuel Technology Handbook*  
The book contains useful information about the technical aspects of biofuel production from several types of biomass.

[http://www.isibang.ac.in/~library/onlinerz/resources/Biofuel\\_Technology\\_Handbook\\_version2\\_](http://www.isibang.ac.in/~library/onlinerz/resources/Biofuel_Technology_Handbook_version2_)

European Commission, (2015) *The impact of biofuels on transport and the environment, and their connection with agricultural development in Europe*  
ISBN: 9789282363294

The book is ordered by European Commission and provides an overview of biofuels production and consumption and of related policies worldwide. It also contains analysis and discussion of key aspects affecting the overall sustainability of biofuels; including their impact on agricultural markets, emissions from indirect land-use change, and greenhouse gas emissions.

<http://dx.doi.org/10.2861/775>

IEA, (2004) *Biofuels for Transport: An International Perspective* Paris : OECD Publishing, 2004.

ISBN: 9789264015135

The book contains useful information about the technical aspects of biofuel production from several types of biomass. (particularly chapter 2).

This book is published in 2004, so some of the information may be outdated.
